

## Fencing Wire

Tinsley Wire has been producing agricultural wire fencing for over seventy- five years and today is firmly established as Britain's leading producer.

Sentinel fencing wires are produced in a wide range of types and sizes for a great variety of applications. Heavily galvanised fencing wires can be used for stock control, as support wires for wire netting, for strained wire fencing and so on. Heavily galvanised high tensile fencing wire may be used in conjunction with dropper bars for a secure stockfence.

### Galvanised High Tensile Fencing Wire

(Tensile 1050 N/mm<sup>2</sup> minimum)

Supplied in exact weight coils of 25kg

UAP Product Code	Size		Length (m) per 25kg Coil
	Approx mm	Approx SWG	
WIR 3.15 H/T	3.15	10	405
WIR 2.5 H/T	2.50	12	650

## Tree Guard Netting

One of the most versatile products in the fencing range is hexagonal mesh wire netting. Sentinel Tree Guard Netting will protect young trees from rabbits, deer and vermin.

Manufactured to BS 1485

UAP Product Code	Mesh	Wire Size		Height (mm)	Roll Length (metres)
		SWG	mm		
WIR 600 NET	31mm 1 1/4"	19	1.00	600	50
WIR/TREE/4	600 X 600mm - guards cut to size				

## Rabbit Netting

MAFF and Forestry Commission research has shown that fencing along a rabbit infested boundary gives cost effective control of rabbit damage in crops. It is manufactured to BS 1485 and meets grant requirements.

UAP Product Code	Type	Mesh	Wire Size		Height (mm)	Roll Length
			SWG	mm		
RABBITNETT	Medium	31mm 1 1/4"	19	1.00	1050	50

UAP can also supply a full range of wooden tree and fence stakes, strainer posts and fence struts.

- 5'6" half round pots
- 12' machined rails
- 2.4m x 50mm tree stake - creosote
- 2.4m x 50mm tree stake - cco
- 1.8m x 50mm tree stake - cco

- UAP Product Code: stak24
- UAP Product Code: rail1
- UAP Product Code: stak4
- UAP Product Code: stak5
- UAP Product Code: stak10
