

## Saws

### Powerful mid-range chainsaws - for private users and farmers

These STIHL chainsaws are powerful, but still light and handy. This makes them ideal for all sawing jobs in private gardens and on farms and particularly for felling firewood. The mid-range saws from STIHL feature all the same advantages as the compact saws, except that their engine power is considerably higher.

### MS 181 - Perfect for around-the-garden cutting jobs.

Packed with new technology - at a value price - the MS 181 STIHL chain saw is designed to reduce vibrations, making it more comfortable to operate. This chainsaw also features reduced-emission engine technology, which lowers fuel consumption as well as emissions.

CODE: MS181

### MS 260 - Robust 2.6kW-Petrol chain saw

Convenient, durable, robust with minimum weight. The MS 260 can come with a number of optional features to make the job even easier. Indispensable for jobs on the farm or harvesting in the forest. Available in guide bar lengths 13"/ 32cm to 18"/ 45cm. Can also be used with hedge trimmer attachment HS 246

CODE: SS026

## Brushcutters

### The powerful brushcutters - light, handy and versatile

The STIHL brushcutters never give up - not even on steep slopes overgrown with bushes and trees. Depending on the cutting tools and equipment fitted, they can be used for all purposes, from trimming lawn edges to thinning gnarled scrub.

## Kombi Systems

### KM 90R

Powerful robust Kombi Engine for demanding and frequent applications. With the patented STIHL 4-MIX engine providing fast acceleration, more power, added torque, lower noise and increased fuel efficiency when compared to a two-stroke engine. With loop handle for difficult terrain and confined conditions. Quick release coupling for easy dismantling and changing of tools. Suitable for all KombiTools.

CODE: KM90R

## Attachments

### KM-HT

Makes quick work of pruning trees and shrubs. Side-access chain tensioner makes it easy to adjust the chain. Oil tank cap with retainer helps keep you from losing the cap. Optional shaft extension. Suitable for all loop handle KombiEngines (KM 55 R, KM 55 RC-E, KM 85 R, KM 90 R, KM 100 R, KM 130 R) and FR 130T.

CODE: 41382050014

### KM-HL 135

The head quickly and easily adjusts 270° (135° working range) in 13 locking positions without tools. Recommended for all loop handle CombiEngines and FR 130 T.

CODE: 42307405000

## Hedge Trimmers

### ErgoStart will be a standard feature on the 24" version

Easy two finger starting with STIHL ErgoStart. The ErgoStart system eliminates the need for a strong pull of the starting cord and easily overcomes engine compression. This advanced starting system is designed to make starting STIHL products fast and easy for just about anyone.

CODE: HS81

## Blowers

Very powerful hand held blower with ErgoStart (E). Perfect for the professional landscaper or the demanding homeowner.

Packed with power and run by a fuel efficient low emissions engine, the new top-of-the-line BG 86 C-E handheld debris and leaf blower has comfort features that professionals will appreciate. Not only is this blower easy to start - thanks to the STIHL ErgoStart system, it's also fitted with our four-spring anti-vibration system and soft grip handles to help reduce operator fatigue.
